

Stars & Stripes I'm Going to Kindergarten 2017 Camp Spotlight

Aug. 21-25, 2017 8:30-12:00pm

(Ages 4-5 yrs.)

Day \$33 Week \$106

Is your child heading to kindergarten in the fall? If so, this cool kindergarten sneak-peek camp is a must do! Each day we will focus on different skills that your child will need for starting kindergarten - their name, letters, numbers, colors & shapes, and of course their imagination for art! Kindergarten is awesome and our camp will give your child a glimpse of what is to come. We will play games, make crafts, and have so much fun that campers won't even realize they are learning so much!

Monday: Name Practice Our almost-kindergarteners will start off the week by doing projects that work with their names! We will start the day with a great story, *The Night Before Kindergarten*. Then, we will do name activities like name matching, tracing, name puzzles, and more! Throughout the day we will also be going outside for great large motor activities that will also help prepare your child for kindergarten. It will be a great start to a fun week!

Tuesday: Letters What better way to start off our second day of camp than with the story *It's Okay to Make Mistakes?* Campers will talk about letters today with fun activities like match game and BINGO. Even if your camper doesn't know all of his/her letters, this day will be great for seeing them all- with writing, identifying, and sound practice. We will also spend time outside with fun games!

Wednesday: Numbers Today's story is great for kids entering school, *Llama Llama Misses Mama!* It is okay to be nervous about leaving mom's side, but school is tons of fun. Then we will explore another important kindergarten concept... numbers! How high can we count? We will practice counting, identifying numbers, writing them, and more!

Thursday: Colors & Shapes It will be another exciting day of kindergarten fun while we talk about colors and shapes! We will practice sorting and naming colors, talk about all of the basic shapes that your child will need to know in kindergarten, and mix in fun games and activities all day. Campers will love trying to draw each shape on the big dry erase board as we discuss them. We will also be exploring colors by mixing paints to see what colors we can make. It's going to be a fun day!

Friday: Fine Motor/ Artistic Expression Get ready for a fun day filled with art exploration and water fun! We will start off the day by reading the book *I Like Myself*. We will talk about what campers want to learn in kindergarten, what they think it will be like, and other questions to help ease their minds so that they know it will be fun! Then, we will take time to work on fine motor skills as we paint, cut, and draw on a special art project. Today is water day so come prepared by bringing your swimsuit, a towel and sunscreen! It's going to be a blast!
