Cowabunga! Join the infamous members of the Teenage Mutant Ninja Turtles: Leonardo, Raphael, Donatello, and Michelangelo as they fight off the evils of New York City! Campers will get to sharpen up their defense skills and train like the Ninja Turtles do in an effort to keep everyone safe from aliens and crime. Each day we will mutate into the Ninja Turtle of the day and learn about their habits, strengths, weaknesses, and how they defend themselves against the enemy. This camp is sure to be a blast as we climb through the sewers, play pizza games, and fight The Kraang. Bring a bathing suit and towel for water activities on Friday.

Monday: Leonardo and Katana Training Today we will learn how the Ninja Turtles became who they are. We must first prove that we have what it takes to be a Ninja Turtle by completing the task of locating all of the Ninja Turtles and bringing them to safety. We will mutate into our Ninja Turtle of the day by crawling through our sewer tunnels, then rolling in our toxic ooze blanket and drinking our toxic ooze lemonade. We will be transforming into the Ninja Turtles' courageous leader, Leonardo. Leo is the master with the katana. We will get to use a real pair of katana, and train and practice safely with it. Campers will also get to make and take home their own toxic ooze.

Tuesday: Raphael and Sai Training We will begin our day by mutating into Raphael, the team's bad boy! Campers will get to hold a real pair of sai and then train like Raphael using our camper friendly sai. We are going to train even harder by working to improve our strength and speed to be more like Raphael (since he is the strongest and fastest of the four turtles). Campers will be challenged as we use some of the weights and gym equipment in a fierce strength and speed course. Once our ninjas in training get through the course they will practice their battle skills. The day wouldn't be complete without a pizza game, of course!

Wednesday: Donatello and Bo Staff Training Donatello (AKA Donny, the team's genius) is who we will mutate into today. We will think like Donny as we make a plan to rescue April from the Kraang. In addition to using our strength and power we need to use our brains as well to help us be even more successful today. After our bo staff training, we will use our basics to outsmart the Kraang. Once we rescue April we will celebrate by making a sweet Ninja Turtle treat to take home. We will end our day playing a game of Ninja Turtle Kung-Fu.

Thursday: Michelangelo and Nunchaku Training Once we mutate into Michelangelo and wear our orange bandana proud, we are going to be chilling, relaxing, and telling jokes. Mikey likes to have a lot of fun and so do we! We'll play some fun jokes and pranks on our friends, and learn a few awesome nunchaku moves! We will also be using our ninja throwing stars in a little target practice. Mikey is not shy about LOVING pizza. Campers will make a yummy sweet pizza treat.

Friday: Who's Your Favorite Ninja Turtle? This week we've mutated into Leo, Raph, Donny and Mikey! Who's your favorite Ninja Turtle? Campers will get to pick which Ninja Turtle they want to mutate into today and use all of the different types of Ninja Turtles weapons from the katana, sai, bo staff, nunchaku and ninja throwing stars. As we design our own pizza boxes we will be on the watch for the evil Shredder. He knows we have been sharpening our Ninja skills and he is not happy about it. We will use all of our weapons, strength, and mental training to help us find and defeat Shredder. As a reward we will be stuffing our faces with pizza and shouting "Cowabunga"! Don't forget your bathing suit and towel for some fun in the sun today!
