

Stars & Stripes Race Around the World 2017 Camp Spotlight

July 10-14, 2017 8:30-12:00pm

(Ages 6-12 yrs.)

Day \$33 Week \$127

Campers will be divided into teams to embark on the greatest challenge of their summer! Each day, teams race against the clock and each other to complete challenges across the globe. Campers will have to solve clues, decode riddles, navigate their way around the grounds, and perform physical tasks in order to advance onto new challenges. They will have to make big decisions that will either help or hinder their daily adventures. Along the way, campers will have the opportunity to earn bonus tokens which can help their team pull in the lead...if they use them wisely! Bring a bathing suit and towel for water activities on Friday.

Monday: DIVIDE & CONQUER Campers will be divided into their week long teams today! Together they will be assigned a team color and learn a little bit about the journey they are about to embark on. Our Stars & Stripes Race Around the World Camp will give campers a little taste of what it would be like to travel throughout countries around the world. Over the week campers will use their imaginations as we travel to ten different countries. Today campers will begin their journey here in the United States. The first challenge will be to figure out what country our first stop will be by solving the first of many destination clues.

Tuesday: BRAIN POWER Make sure to get a good night's sleep and eat a big breakfast! Today, teams will be racking their brains to solve some tough clues and riddles to help them advance to each new country. If teams need help along the way they must ask for it in the native tongue of the country that they are in. Today is sure to be a challenge for all of the teams. They will need to remember that even a little help can go a long way.

Wednesday: SPEND IT WISELY Today's challenges will come at a cost! Teams must spend their Stars & Stripes tokens wisely if they want to finish first. There will be more opportunities to earn tokens along the way, but it may or may not take valuable time that could be spent getting ahead in the race. Let's see which teams can handle the important decision making and the pressure that may come with it!

Thursday: VICTORY IN SIGHT With just four more countries to explore and two days to do it in, the end is near. Teams will be spending their day testing their strengths and weaknesses by having to pick tasks they think will best suit them. Are they better at physical tasks or mental tasks? All of today's activities will help them prepare for our big and final day.

Friday: CROWNING THE CHAMPIONS Teams will face the most difficult physical tasks yet to come in order to finish the race. There will be big obstacles and tasks that will really test their physical strength. A big decision will need to be made that could make or break their chance to win it all. No matter the outcome, each team will get to finish strong and end the day celebrating their week long Race Around the World. Teams will return to the United States and finally be able to kick back and relax as they play on our inflatable waterslides. Please bring your bathing suit, towel and apply sunscreen for some water time fun!
