

Stars & Stripes Under the Sea Preschool Camp 2017 Camp Spotlight

June 26-30, 2017 8:30-12:00pm

(Ages 3-5 yrs.)

Day \$33 Week \$106

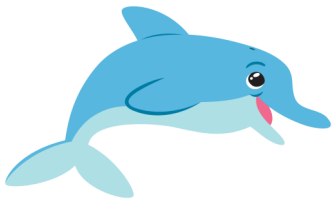

Come along for a wonderful undersea adventure with us! Campers will enjoy a week packed full of underwater animals and slippery fun. We will start each day with a story about different undersea creatures, and then dive into an awesome craft, activities, and games that feature fun characters like fish, turtles, sharks, and more! Bring a bathing suit and towel for real water activities on Friday. We plan on making a big splash this week!

Monday: Fish Welcome to Under the Sea Preschool Camp! Get ready for a ton of underwater fun. We will start our camp by reading *Going to the Sea Park* and making our own rainbow fish using dot markers! Campers will love creating their own unique fish to take home. We will also play “Let’s Go Fishing” together, practicing taking turns and cooperating while we race to catch the most fish!

Tuesday: Turtles *Dude! Woah!* Sea turtles are awesome, just like Crush and Squirt! Our story today will be *Commotion in the Ocean*. Campers will have the chance to make their very own turtles to take home, and we will also learn how to say “turtle” in American Sign Language. Then, we will do a fun craft and campers will get to decide how to decorate a starfish. We will wrap up our day by singing fun songs and playing games!

Wednesday: Jellyfish Today, we will start by reading *Sea Creatures at Your Fingertips* and talking about jellyfish! Campers will make their own decorative jellyfish and each is sure to be unique! Then, we will make and explore an awesome sensory tool, “Deep Goo Sea.” Campers will love playing with this slippery slime-like substance, which is super squishy, just like jellyfish! We will also learn how to play the card game Go Fish and more!

Thursday: Sharks & Dolphins It’s not shark week but it is shark day at our camp! Fun will take center stage today as we read *I’m the Biggest Thing in the Ocean* and learn about big animals in the ocean: sharks, dolphins, whales, and even a giant squid. Campers will help make their own blubber and then explore it for an exciting sensory experience! Then, we will make our own paper plate sharks and play more ocean games. You won’t want to miss this day!

Friday: Shells Can you hear the ocean through a shell? Campers will try doing just that today as we explore sea shells. We will read *What Comes in a Shell?* Campers will discuss different shells that they may have seen, and then we will make our own special shells. Campers will use their creative imaginations and explore sand and shells in our sensory bin as well! Today is water day so come prepared by bringing your swimsuit, a towel and apply sunscreen!
