

Stars & Stripes Star Wars 2017 Camp Spotlight

July 10-14, 2017 8:30-12:00pm
July 31-Aug. 4, 2017 8:30-12:00pm

(Ages 4-10 yrs.)
Day \$33 Week \$134

Grab a lightsaber and join the Resistance at Stars & Stripes Star Wars Camp! Help Riley, Finn, BB-8, and friends defeat Kylo Ren in the epic quest of good vs. evil. The Force has awoken at Stars & Stripes and campers need to get ready to defeat the First Order. Campers will learn to use the Force and train with their lightsabers. The all powerful Jedi Master Yoda and Luke Skywalker will aid the campers in learning the way of the Force. All campers will go through the Jedi Training Course where basic combat will be taught for safe saber sparring. Jedi games and competitions will be held to help strengthen our commitment to the Force. At the end of the Jedi Training Course campers officially become a Jedi and receive a certificate! Join Han Solo, Chewbacca, and Riley on the Millennium Falcon, jump into hyperspace and head towards Star Wars Camp!! Bring a bathing suit and towel for water activities on Friday.

Monday: TRAINING Campers will start the morning by putting on a Padawan Tunic (signifies they are Jedi trainees) or if the camper prefers the Dark Side of the Force, they can wear a Sith training vest to signify they are a Sith Apprentice. Today we will start helping campers strengthen their commitment to the Force. Each day at camp the campers will have specific missions they must successfully do to complete their training. Our main focus for Monday is testing speed, weapon training, Tie Fighter construction, fighting skills and destroying asteroids. There may even be time to do some moon bouncing in the bounce house.

Tuesday: MISSION CONTINUES Once campers are dressed accordingly we have a great opening activity with the Death Star. Today campers will be going through several different obstacle courses and tasks to see if they have what it takes to master their training. We are going to create the biggest obstacle course ever to test our speed, strength, balance and most important, coordination! Campers will need to build a droid and test their memory to finish off today's missions.

Wednesday: LIGHTSABERS & BLASTERS We will start the day with Mission Test #10 Advanced Weapon Training: lightsabers and blasters. There is much to be learned and accomplished today! Campers are welcome to bring their own lightsabers if they wish. For today's craft campers will make their very own lightsaber that they will take home with them. We will end our day with building our own Resistance Base, but will it be strong enough to resist the onslaught of lightsabers and blasters?

Thursday: THE DARK SIDE Today we have an interstellar mystery on our hands! Campers must follow and solve clues to discover an epic reward. If the Star Wars campers are successful they will take part in an awe inspired event. We don't want to give the surprise away, but it is something that will leave our campers utterly challenged and excited.

Friday: JOB WELL DONE Today is a day of celebration for a job well done by accomplishing this week's 12 missions. We will change into our bathing suits and head outside to start our day with some Death Star beach ball games and Star Burst water balloons. Then campers will need to unfreeze Han Solo. Campers will end their time outside by splashing around in the water parks! After all of the excitement outside, we will dry off and get ready for our final activities of the week. Full week campers will be presented with their completion certificates for their training. Please remember to bring a bathing suit, towel and apply sunscreen.
